Dear Mr. Muller,

3.18.9

As Californians, we are blessed with a beautiful home. It is our responsibility as its stewards, to protect it, and keep it clean.

'The SF Bay is filled with trash. It destroys recreation, impacts water quality, and kills marine willdlife.'

The Bay is not only beautiful, and a major resource, it is home. If we are unable to control our guests, we must at least pick up after them. As for the residents, there is no excuse to trash the place in which you live. Maybe if people see a clean Bay, they will be less inclined to think its a garbage can.

'Our precious Bay deserves the highest level of protection, zero trash.'

Sincerely, Elisabeth Jenson
