Dear Ms. Mueller:

I am writing to thank the Board for requiring a clean-up level of 100 pieces of trash for every 100 feet in a trash hot spot along S.F. Bay.

However, I would like to see a stronger and more thorough proposal.

The explosion of plastics and other disposables production over the last 40 years has greatly endangered our wildlife + polluted our Bay.

Please use your efforts to have the highest possible requirements passed into law.

Thank you for your attention.
