CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

ORDER NO. 93-122
NPDES NO. CA0028479
RESCISSION OF WASTE DISCHARGE REQUIREMENTS FOR:

WITCO CHEMICAL CORPORATION
U.S. PEROXYGEN DIVISION
RICHMOND, CONTRA COSTA COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region (hereinafter the Board) finds that:

1. Witco Chemical Corporation, U.S. Peroxygen Division, hereinafter referred to as Witco, manufactured organic peroxides which are used in the production of plastics.

2. The Board, on November 21, 1984, adopted Waste Discharge Requirements, NPDES Permit, Order No. 84-78 for Witco for the discharge of stormwater runoff to a drainage ditch tributary to San Pablo Bay.

3. Witco ceased manufacturing operations in 1989. All process equipments have been removed and the site is partially paved.

4. By filing a Notice of Intent on September 15, 1993, to the State Water Resources Control Board, Witco is covered under the General Industrial Storm Water Permit. The General Permit requires elimination of non-storm water discharges to stormwater systems except for certain minor industrial sources, development and implementation of a stormwater pollution prevention plan, and monitoring of stormwater discharges. Witco had submitted and implemented a Stormwater Management Plan in October 1990.

5. The rescission of Waste Discharge Requirements for this discharge is exempt from the provisions of Chapter 3 (commencing with Section 21000 of Division 13) of the Public Resources Code (CEQA) pursuant to Section 13389 of the California Water Code.

6. The Board has notified Witco and interested agencies and persons of its intent to rescind waste discharge requirements, and has provided them with an opportunity for a public hearing and an opportunity to submit their written views and recommendations.

7. The Board, in a public meeting, heard and considered all comments pertaining to the rescission of waste discharge requirements for the above discharge.

IT IS HEREBY ORDERED that Order No. 84-78 is rescinded.

I, Steven R. ritchie, Executive Officer do hereby certify the foregoing is a full, true and correct copy of an Order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region on October 20, 1993.

ORDER NO. 93-123

NPDES NO. CA0029068

AN ORDER RESCINDING WASTE DISCHARGE REQUIREMENTS FOR TRUMBULL ASPHALT COMPANY OWENS CORNING FIBERGLAS CORPORATION, MARTINEZ, CONTRA COSTA COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region, (hereinafter called the Board), finds that:

1. On November 19, 1986, the Regional Board adopted Order No. 86-82, prescribing Waste Discharge Requirements for Trumbull Asphalt Company, Contra Costa County.

2. Trumbull Asphalt (hereinafter referred to as the Discharger) manufactured asphalt felts and coatings, and discharged the treated wastewater and stormwater runoff from a series of three sedimentation tanks to Peyton Slough. The Discharger leased the Martinez property from Shell Oil Company in 1961.

3. The Discharger in a letter to the Regional Board dated March 15, 1993, indicated that it intended to discontinue operation at the Martinez facility. On August 27, 1993, the Discharger ceased operation with final closure scheduled for October 31, 1993. Shell Oil Company plans to take over the vacated property.

4. The rescission of the permit for this discharger is exempt from the provisions of Chapter 3 (Commencing with Section 21110 of Division 13) of the Public Resources code (CEQA) pursuant to Section 13389 of the California Water Code.

5. The Board notified the Discharger and other interested persons of its intent to rescind Order No. 86-82, and provided them with an opportunity to provide written comments.

6. The Board, in a public meeting, heard and considered all comments pertaining to the proposed rescission action.

IT IS HEREBY ORDERED that Order No. 86-82 be rescinded.

I, Steven R. Ritchie, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region, on October 20, 1993.
