CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN DIEGO REGION

ORDER NO. R9-2004-0256

ADMINISTRATIVE ASSESSMENT OF CIVIL LIABILITY
AGAINST
WOODSIDE HOMES
TRACT 24136
MARGARITA ROAD AND DE PORTOLA ROAD
TEMECULA, CALIFORNIA
FOR
FAILURE TO PAY ANNUAL CONSTRUCTION STORM WATER PERMIT FEES

The California Regional Water Quality Control Board, San Diego Region (Regional Board), finds the following:

Woodside Homes (Woodside) violated section 13260(d) of the Water Code which requires that each person for whom waste discharge requirements have been prescribed pursuant to Water Code section 13263 shall pay an annual fee according to a fee schedule established by the California State Water Resources Control Board (State Board). Woodside is regulated under *State Board Order No. 99-08-DWQ, National Pollutant Discharge Elimination System (NPDES) General Permit No. CAS000002, Waste Discharge Requirements (WDRs) For Discharges Of Storm Water Runoff Associated With Construction Activity* (WDID No. R9 33C317493).

1. Woodside's total unpaid annual storm water fees in this matter were in the amount of $2,607 for the construction site located at Margarita Road and De Portola Road, Temecula, California.

2. On May 17, 2004, the Executive Officer issued Administrative Civil Liability (ACL) Complaint No. R9-2004-0170. The Complaint proposed imposition of a $960 civil liability for the alleged violations.

3. Woodside upon receipt of the Complaint paid the proposed liability amount of $960 for failure to pay the annual construction storm water permit annual fee, and waived its right to a public hearing before the Regional Board. Woodside has also resolved all other outstanding annual construction storm water permit annual fees in the San Diego Region.

4. On September 8, 2004, the Regional Board held a hearing to solicit public participation in this matter, and considered the comments of interested persons regarding adoption of this Order.

5. Consideration of the factors prescribed in Water Code section 13327 based upon information available to the Regional Board prior to the hearing and described in greater

detail in ACL Complaint No. R9-2004-0170 supports assessment of civil liability pursuant to Water Code section 13263 in the amount of $960.

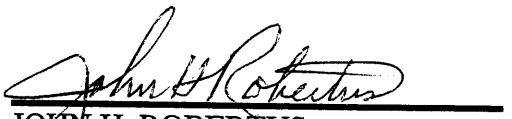
6. The adoption of this Order is an appropriate resolution of the violations alleged in ACL Complaint No. R9-2004-0170 because the assessment of $960 is a sufficient amount of liability to deter this discharger and other dischargers from not paying annual fees in the future.

7. The Regional Board incurred costs totaling $480, which includes preparation of enforcement documents.

8. This enforcement action is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Division 13, Chapter 3, Section 21000 et seq.) in accordance with Section 15308, Chapter 3, Title 14 of the California Code of Regulations.

IT IS HEREBY ORDERED, that pursuant to section 13261(b) of the Water Code, that civil liability be imposed on Woodside Homes in the amount $960.

I, John H. Robertus, Executive Officer, do hereby certify the foregoing is a full, true and correct copy of an order imposing civil liability assessed by the California Regional Water Quality Control Board, San Diego Region, on September 8, 2004.



JOHN H. ROBERTUS
Executive Officer
