6/19/07 BdMtg Item 8
Quail Valley
Deadline: 6/6/07 Noon

5/25/07

State Water Resources Control Board,
Subject: Comment letter re: "Quail Valley Septic Systems".

As a Quail Valley Resident I fully Concur that Certain sections of Quail Valley should be "Banned" from adding any new "Septic Systems".

However, not all of Quail Valley should be penalized because of specific area problems. Much of Quail Valley in general can Host perfectly good Septic Systems, I would hope the board would define "specific areas" of prohibition and allow the rest of Quail Valley to prosper normally with perfectly good Septic Systems.
