INSPECTOR'S LOG

Date Feb 11, 2003 S M T W T F S (CIRCLE DAY OF WEEK) Page #

Weather rain / cold

Granite - Contractor placing additional straw waddles & gravel bags per NPDES. Temp power pole @ Adams and Pioneer leaning badly. Probably due to H2O in soil. Unable to contact Bill R, super. Notified Leroy @ Wesselen to repair. Determined to be emergency, per Ken B. Pole propped-up until thorough repair tomorrow, service maintained

Auto Mall - spoke to owner, Joe Herold, because super is out of state. Need to install NPDES and remove soil from cul-de-sac @ Hobbie circle. Large amounts of mud are present in the gutters leaving the site and are entering the storm drain in front of Peggy's on Date.

Curtis/Ranchos II - John Lakhurst to place gravel bags around all c.b.'s. Alot of silt coming off property @ State Fe & Wash

Rod/Salvation Army - Contractor needs to pen trench plates of complete AC patch. A.S.A.P. will do tomorrow.

Ryland - [major amounts of silt leaving site on Jackson. Contractor instructed Sub, Myers, to remove excess spoil along Jackson (N) to inlet and install bags as required to comply w/ NPDES.]

Bixby/Mear Cal - cited because of NPDES non-compliance.
