INSPECTOR'S LOG

Date Jan 9, 2003 S M T W (T) F S (CIRCLE DAY OF WEEK) Page #

Weather clear/cool

Curtis/Ranchos II - Sub contractor, Scanlon, severed City of Murrieta fiber-optic cable supporting the light signal @ Washington + Magnolia. The foreman informed me they had not notified the City for line location prior to excavating. Noble's preparing sub-grade for base to be delivered tomorrow for Magnolia. 48" pipe tie-in @ both ends. Will move light signal tomorrow and pull wire on Sat.

Ryland - met w/ project manager from Development One and Pipe contractor to discuss installation of water main and sewer tie-ins on Lincoln, north of ~~the~~ Nutmeg. Gave authorization to install waterline in easement, but Contractor will submit "traffic control plan" for daytime closure & detours for lateral installations [NPDES needs maintenance]. Glen from KB is installing utilities on Lincoln under Ryland encroachment permit. Instructed KB to get their own permit to avoid any "responsibility issues" regarding the work.

[Signed] INSPECTOR
