Dear Mr. and Mrs. Narain:

RE: FORMER DELTA DISCOUNT GAS STATION, 28111 FRONT STREET, TEMECULA, RB CASE NO. 9UT2937

On June 25, 2001, Ms. Jody Ebsen of my staff was contacted by Mr. Phillip Rosenberg concerning the implementation of a workplan for the above referenced site. Mr. Rosenberg explained that the fieldwork had been delayed due to complications with gaining access agreements for the off-site cone penetrometer testing. In my March 30, 2001 letter written to you pursuant to California Water Code (CWC) Section 13267, I requested a report with the results of the workplan implementation by June 29, 2001. On your behalf, Mr. Rosenberg asked for an extension of the due date. However, because your last two required reports were submitted late, and because of the serious threat your release poses to the water supply for the City of Temecula, an extension of the deadline to complete the site assessment is not appropriate. Therefore, the request for an extension of the deadline is denied. However, if the report can be submitted within 30 days of the due date it will not be considered a significant violation.

In order to avoid possible future enforcement, I strongly urge a prompt and complete response to the request in my March 30 letter.

50-9937.05

My staff will work with you in your efforts toward achieving compliance with the request for results of the workplan implementation. Please call Ms. Jody Ebsen at (858) 636-3146 to discuss any noncompliance issues.

Respectfully,

JOHN H. ROBERTUS
