WASTEWATER USER CHARGE SURVEY FOR 1998-99

Attached is the latest edition of the User Charge Summary prepared by this Division. This information included in this report was obtained from a questionnaire (see page No. 101) mailed to every public agency in California that owns and/or operates wastewater facilities. The Division did not receive a questionnaire from all agencies each year. All 736 agencies comprising 830 service areas in the database are listed in the report. User charge and connection fee data was received for 742 of the 830 wastewater service areas. In order to identify the 88 service areas for which data was not received this year and for which the data may be out of date, a two digit number appears after their name (see Legend on Page No. 100). The two digit number indicates the last fiscal year that a questionnaire was received from the agency. (i.e. FY 1995-96 would be listed as 96)

The data are presented in a manner similar to previous reports to facilitate comparisons with prior year reports. Care should be exercised in using this report since data have been listed as reported by the agencies and little time was available to verify the reported data. User fees reported for agencies that only provide collection service may not include any charge for treatment and disposal. I added the regional treatment authority's fee when I could determine that the reported fees did not include the regional charges. Some reported user fees may represent a bi-monthly fee and not a monthly fee as stated. Some user fees include charges for repayment of debt, future capital reserves, operating reserves, etc. while others only may only fund operation, maintenance and replacement (O.M.& R.) expenses only. Agencies which utilize ad valorem (A/V) taxes to fund all or a portion of O.M.& R. are identified. Due to the low number (12) of agencies reporting the use of Ad Valorem tax revenue for operating income a separate sort for this criteria was not provided. We also identified agencies that have a variable residential user charge based on metered water consumption in lieu of a flat rate. Some agencies may utilize assessments or other sources of revenue for debt service which should be considered when determining the total cost of providing wastewater service.

If you have any questions about this report, please contact me at (916) 227-4489 for assistance.
Sincerely,

Ronald R. Blair
