

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 83- 71

ACCEPTING THE PHASE I 208 FINAL REPORT
OF THE STATE BOARD OF FORESTRY

WHEREAS :

1. Section 208 of the Clean Water Act, as amended in 1977 (P.L. 95-217) requires the State to prepare an areawide waste treatment management plan for silvicultural activities in undesignated areas of the State, and
2. The State Water Resources Control Board is responsible for conducting areawide waste treatment management planning in accordance with the Federal Water Pollution Control Act of 1972 and subsequent amendments, and
3. The State Board entered into an Interagency Agreement (No. 1-146-410) with the Board of Forestry to provide information to assist the State Board in preparing an areawide waste treatment management plan for silvicultural activities on state and private lands, and
4. The Board of Forestry submitted a final report to the State Board, prepared under Interagency Agreement No. 1-146-410.

THEREFORE BE IT RESOLVED:

1. That the State Board accepts the Phase I 208 final report submitted by the Board of Forestry, and
2. That the State Board authorizes payment of a final invoice not to exceed \$40,000, and
3. That acceptance of the Board of Forestry's Phase I 208 final report does not constitute or imply State Board approval or certification of any revised Forest Practice Rules as Best Management Practices under Section 208(b)(2)(F) of the Clean Water Act.

CERTIFICATION

The undersigned, Executive Director of the State Water Resources Control Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on September 15, 1983.
