CENTRAL COAST REGION  
895 Aerovista Place, Suite 101  
San Luis Obispo, California 93401**

Public Notice No. R3-2011-0002  
NPDES No. CA0002953

**NOTICE OF PUBLIC HEARING**

REISSUANCE OF WASTE DISCHARGE REQUIREMENTS (Order No. R3-2011-0002)  
(National Pollutant Discharge Elimination System Permit)  
FOR  
THE CITY OF EL PASO DE ROBLES  
WASTEWATER TREATMENT PLANT  
SAN LUIS OBISPO COUNTY

The California Regional Water Quality Control Board, Central Coast Region, (Central Coast Water Board) proposes to authorize discharge of treated wastewater from the City of El Paso de Robles' Wastewater Treatment Plant by reissuance of waste discharge requirements. The City of El Paso de Robles provides service to the City, the community of Templeton, and the California Department of Corrections and Rehabilitation. The Templeton Community Services District and the California Department of Corrections and Rehabilitation own and maintain wastewater collection and transport facilities up to the point of discharge to interceptors owned and maintained by the Discharger. The facility currently serves a population of approximately 36,400 people. Treated wastewater is discharged to the Salinas River.

The Central Coast Water Board will hold a public hearing to consider the issuance of the proposed waste discharge requirements on Thursday, February 3, 2011, in the:  
Central Coast Water Board Offices  
895 Aerovista Place - Suite 101  
San Luis Obispo, CA 93401

Interested persons are invited to submit comments in writing to the Central Coast Water Board at its office in San Luis Obispo no later than **December 9, 2010**. All comments received prior to that date will be considered in the formulation of staff recommendations regarding the waste discharge. The Central Coast Water Board will not accept written comments or other written submittals on the draft Order after December 9, 2010, unless the Chair of the Central Coast Water Board rules that exclusion would create a hardship, and that the late submission will not prejudice any party or the Central Coast Water Board. Any person submitting late comments or other submittals must explain why such materials were not submitted by December 9, 2010. The Chair of the Central Coast Water Board will rule on late submittals at or before the hearing. Late submittals that consist of evidence (as opposed to policy statements or

comments) are generally prejudicial unless all parties and Central Coast Water Board staff have time to consider the evidence before the hearing.

Interested persons are invited to attend the hearing and may make oral comments relevant to the proposed action. Oral comments should summarize written comments. The Chair of the Central Coast Water Board will impose time limits on oral comments.

The Report of Waste Discharge, Fact Sheet, related documents, and all comments received may be inspected and copied at the office of the Central Coast Water Board, 895 Aerovista Place, Suite 101, San Luis Obispo, California 93401-5427, on weekdays between the hours of 8:00 a.m. and 5:00 p.m. Please direct comments and questions to **Tom Kukol at (805) 549-3695** or at this office.

Please bring the foregoing to the attention of any persons known to you who would be interested in this matter.
