

Responsible Party	Agency/Fund Recipient	Project Name/ Description	Project Amount	Project Status
UNOCAL Guadalupe Oil Field \$15.6 Million Settlement	Calif. Dept. of Fish and Game	Sand Crab Study – to develop a monitoring program and baseline information for contaminants on sandy beaches using the common sand crab that can be incorporated into the RWQCB Central Coast Ambient Monitoring Program	\$294,492	Completed in 2003
	The Nature Conservancy, "Piece Together a Protected Landscape"	Acquire land within the Dunes Complex	\$2,500,000	\$500,000 used to acquire Choin property
	Central Coast Ambient Monitoring Program	Monitoring Program	\$2,000,000	Underway
	Nipomo Dunes Complex Management	Nipomo Dunes Center	\$25,000	Completed
	City of Guadalupe	Waste Water Treatment Plant Upgrade	\$1,300,000	Scheduled completion date is 6/18/04
	GeoSciences Komex H2O Science	Komex Oil Field Assessment – Assess water quality impacts of selected oil fields in the Santa Maria River Basin.	\$610,000	Final Report in draft, not submitted as of 5/21/04
	City of Guadalupe	Wetlands Restoration Project Restoration and permanent preservation of the School Lake and wetlands to benefit water quality, protect the beneficial uses of the lake and wetlands.	\$896,000	Project consists of three phases. Project on hold due to land ownership issues.
	Calif. Coastal Conservancy, Santa Maria Estuary Plan	Enhancement plan for the lower reaches of the Santa Maria River and Estuary	\$440,000	Completed
	City of San Luis Obispo	Johnson Ranch Property Acquisition	\$400,000	Escrow closed 11-30-01

	California Dept. of Conservation, Division of Oil, Gas and Geothermal Resources	Aerial Photo Archive	\$21,545	Completed
UNOCAL Avila Beach \$1.0 Million Settlement	Cal Poly – Biological Science	Continuous Real-time Water Quality Monitoring	\$107,500	Underway
	Avila Beach Community Services District	Restore the headworks of the wastewater treatment plant, more specifically reconstruction of the Influent Pumping Facility.	\$205,000	Contract being reviewed by Avila Beach CSD
	Avila Community Services District	Influent Pump Replacement & Rehab of Wet Well	\$85,000	Contract not in place
	Metson Marine	Oil Spill Response in Avila Bay	\$25,000	Not in place
	Port San Luis Harbor District	Port San Luis Harbor Boatyard Upgrade	\$132,500	Completed
	Avila Community Services District	Priority Improvements to Disposal and Collection System	\$200,000	Underway
	SLO County Land Conservancy	Replacement of the Marre Dam/Improved Fish Passage	\$50,000	Scope of Work being developed
	Avila Community Services District	Replacement of Wastewater Outfall Diffuser	\$200,000	Contract not in place
	San Luis County Land Conservancy	South SLO Creek Habitat Restoration	\$50,000	Project near completion
	Nature Conservancy	Leucadia Ranch Natural Area	\$250,000	Underway
	Tenerra	Stormwater DI Oil and Grease	\$15,500	Underway
	San Jose Community Foundation	Support for State Musselwatch Program	\$2.5 million	Underway
PG&E, Diablo Canyon \$14.2 million settlement	Morro Bay Foundation	Implement Morro Bay NEP CCMP	\$3.66 million	Underway
City of Pacific Grove \$75,000 ACL for Sewage Spill	City of Pacific Grove-Monterey Bay National Marine Sanctuary	Model Urban Runoff Program	\$30,000	Completed
	California Dept. of Fish and Game and UC Davis	Monitoring threatened Southern Sea Otter for exposure of fecal pathogens from human and animals.	\$35,000	Completed

San Simeon CSD \$3000 MMP	San Simeon CSD	Installation of secure portable restroom foundation	\$3,000	Completed
Ragged Point Inn \$3000 MMP	Ragged Point Inn	Erosion control on surface road	\$3,000	Completed
City of Pismo Beach \$735,000 MMP (\$375,000 SEP)	John Wallace and Associates	Wastewater Reclamation Feasibility Study for the City of Pismo Beach WWT facility.	\$30,000	Just awarded
	Michael H. Gerardi	Wastewater Biology education courses for WWTP operators throughout the region.	\$40,000	
	University of California Cooperative Extension	Agricultural Short courses for local farmers in SLO County.	\$75,000	
	Central Coast Salmon Enhancement	Pismo Creek Watershed Management Plan	\$100,000	
	City of Pismo Beach	Pier Bacteria Source Tracking	\$30,000	
	SLO County Community Foundation	Implementation of projects from the Pismo Creek Watershed Management Plan for projects identified from the completed Pismo Creek Watershed Plan and Pismo Pier bacteria source investigation.	\$100,000	

RMC Pacific Materials \$100,000 ACL for Sewage Spill	Santa Cruz County Fish and Game Advisory Commission	Restoring fish habitat in Soquel Creek, Santa Cruz.	\$5,950	
	Santa Cruz County Resource Conservation District	Fish passage improvement project. Repair and improvement of fish habitat or educational projects within the San Lorenzo River Watershed.	\$45,800	
	City of Santa Cruz Water Department	Zayante Road Landslide Erosion Control & Salmonid Habitat Improvement	\$20,000	
	Mount Herman Conference Center	Modification of step pools structure on Zayante Creek for fish passage.	\$24,000	
	Happy Valley Elementary School	Enhancement of 250 ft. of Branciforte Creek	\$3,000	
	Lompico Watershed Conservancy	Old Lompico Pool Fish Passage Improvement Project	\$4,200	
	El Estero WWTP, Santa Barbara County	USGS Study regarding sources of microbial contamination	\$24,000	Pending
	Valley Women's Club	Watershed Festival of Events- supplies, traveling and educational displays.	\$1,200	Just awarded
	Santa Cruz County Resource Conservation District	Soquel Creek Watershed <i>Arundo Donax</i> Eradication Project	\$5,950	
	Mar Vista School, 4 th Grade	Steelhead STEP Program	\$1,000	
Duke Energy, Moss Landing Power Plant \$250,000 ACL for back flushing hot water	San Lorenzo Valley High School – Watershed Academy	Compilation and statistical analysis of data collected at the Felton Diversion Fish Trap	\$800	
	University of Davis, Wildlife Health Center	Sea Otter pathogen source tracking	\$240,000	Underway

PG & E, Moss Landing Power Plant \$5,000,000 ACL for back flushing hot water	Monterey County Foundation	Central Coast Ambient Monitoring Program	\$950,000	pending
	Monterey County Foundation	Implement Projects addressing priority projects in the Elkhorn Slough and tributaries	\$2.85 million	
Duke Energy, Moss Landing Power Plant \$7.0 million mitigation fund pursuant to permit renewal	Monterey County Foundation Elkhorn Slough Foundation	Monitor non-point source activities Land acquisition and restoration	\$950,000 \$7.0 million	Underway
