NOTICE OF FILING A DRAFT ENVIRONMENTAL DOCUMENT**

To Consider Re-Adoption of Resolution No. R3-2008-0001 Amending the Water Quality Control Plan for the Central Coast Basin to (1) Remove the Shellfish Harvesting Beneficial Use for San Lorenzo River Estuary, (2) Add the San Lorenzo River Watershed to the Human Fecal Material Discharge Prohibition and the Domestic Animal Waste Discharge Prohibition, and (3) Adopt the Total Maximum Daily Loads for Pathogens in San Lorenzo River Estuary, San Lorenzo River, Branciforte Creek, Camp Evers Creek, Carbonera Creek, and Lompico Creek

NOTICE IS HEREBY GIVEN that the California Regional Water Quality Control Board Central Coast Region (Central Coast Water Board) will hold a public hearing to consider adoption of a resolution amending the Water Quality Control Plan (Basin Plan) for the Central Coast Basin. If accepted, the resolution will amend the Basin Plan by (1) removing the shellfish harvesting beneficial use in San Lorenzo River Estuary, (2) adding the San Lorenzo River Watershed to the Human Fecal Material Discharge Prohibition and the Domestic Animal Waste Discharge Prohibition, and (3) incorporating Total Maximum Daily Loads for Pathogens in San Lorenzo River Estuary, San Lorenzo River, Branciforte Creek, Camp Evers Creek, Carbonera Creek, and Lompico Creek. At the conclusion of the hearing, the Central Coast Water Board will consider approval of the proposed revised resolution. The Basin Plan establishes measures to protect beneficial uses of water and achieve water quality objectives.

The Central Coast Water Board adopted resolution R3-2008-0001 in March 2008. The current action is to re-adopt a revised version of the resolution. Most of these revisions are minor typographical corrections; some are substantive changes. The current staff report associated with the proposed revised resolution includes a discussion of the substantive changes.

Actions to amend the Basin Plan by the Central Coast Water Board will be taken in accordance with a regulatory program exempt under section 21080.5 of the Public Resources Code from the requirement to prepare an environmental impact report under the California Environmental Quality Act (Public Resources Code, section 21000 et seq.) and with other applicable laws and regulations.

Copies of the proposed revised resolution and amendments to the Basin Plan (including the staff report, a substitute environmental document which includes an Environmental Checklist, and draft amendments for adoption) are available on the following website:
