Sacramento, CA 95827

***RESCISSION OF COVERAGE UNDER WATER QUALITY ORDER 2003-0003-DWQ,  
STATEWIDE GENERAL WASTE DISCHARGE REQUIREMENTS FOR DISCHARGES TO  
LAND WITH A LOW THREAT TO WATER QUALITY, GRANITE CONSTRUCTION  
COMPANY, MORMON ISLAND AUXILLARY DAM PROJECT, SACRAMENTO COUNTY***

On 20 June 2014, the Executive Officer of the Central Valley Regional Water Quality Control Board issued a Notice of Applicability granting coverage under the State Water Resources Control Board's *Statewide General Waste Discharge Requirements for Discharges to Land with a Low Threat to Water Quality*, Order 2003-0003-DWQ to Granite Construction Company (Granite). The Notice of Applicability was for the temporary discharge of recovered groundwater from the Mormon Island Auxiliary Dam (MIAD) Modification Project to settling/recycling ponds located at the short-term sand and gravel operations owned and operated by Fisher Sand & Gravel Company. Granite was issued General Order No. 2003-0003-DWQ-0100.

Your Notice of Termination submitted on 24 November 2014 states that the project has reached a point where dewatering is no longer necessary. Therefore, you wish to terminate coverage under the General WDRs. Based on that information, coverage under Order 2003-0003-DWQ is hereby rescinded.

If you have questions, please contact Lani Andam at (916) 464-4723 or by email at [landam@waterboards.ca.gov](mailto:landam@waterboards.ca.gov).
