RESCISSION OF COVERAGE UNDER WAIVER OF REPORTS OF WASTE DISCHARGE AND WASTE DISCHARGE REQUIREMENTS FOR SPECIFIC TYPES OF DISCHARGES; PLATINUM PIPELINE, INC AND KUBOTO TRACTOR CORPORATION; KUBOTA WDC PROJECT; SACRAMENTO COUNTY

On 25 July 2023, the Executive Officer of the Central Valley Regional Water Quality Control Board issued a Notice of Applicability granting coverage under the *Waiver of Reports of Waste Discharge and Waste Discharge Requirements for Specific Types of Discharge within the Central Valley Region, R5-2018-0085* (Low Threat Waiver) to Platinum Pipeline, Inc and Kubota Tractor Corporation for discharges to land from the Kubota WDC project. The discharge was assigned enrollee number **R5-2018-0085-0084**.

Our office received an email dated 4 April 2024 from Beth Smiley Professional Services on behalf of Platinum Pipeline, Inc and Kubota Tractor Corporation, that stated the discharge ceased in early November 2023. Therefore, both parties request termination of coverage under the Low Threat Waiver. Based on the submitted information, coverage under R5-2018-0085-0084 is hereby rescinded.

If you have any questions about the rescission of coverage under the Low Threat Waiver, please contact Scott Armstrong at (916) 464-4616 or at scott.armstrong@waterboards.ca.gov.
