NOTICE OF APPLICABILITY

**WAIVER OF WASTE DISCHARGE REQUIREMENTS FOR SMALL FOOD PROCESSORS, WINERIES, AND RELATED AGRICULTURAL PROCESSORS WITHIN THE CENTRAL VALLEY REGION
ORDER R5-2020-0002-0063
KRYSTAL ALLEN AND JAMES WILSON,
WILSON FAMILY WINERY
SAN JOAQUIN COUNTY**

On 20 February 2020, the Central Valley Regional Water Quality Control Board (Central Valley Water Board) adopted the *Conditional Waiver of Waste Discharge Requirements for Small Food Processors, Wineries, and Related Agricultural Processors within the Central Valley Region, Order R5-2020-0002* (the Waiver).

We are in receipt of your Notice of Intent (NOI), dated 1 December 2020, which stated that you intend to comply with Tier 1 conditions of the Waiver. Wilson Family Winery is located at 11484 East Harney Lane, Lodi in San Joaquin County. The winery is owned and operated by Krystal Allen and James Wilson (Discharger). The NOI states that less than 10,000 gallons of wastewater will be produced per year, and that the wastewater will be applied to land owned by the Discharger. Tier 1 allows land application of up to 10,000 gallons of wastewater per year for irrigation of landscaping or crops and land application of residual solids associated with that volume of wastewater. Any process wastewater or residual solids generated in excess of those amounts must be disposed of off-site at an appropriately permitted facility. If you wish to land apply more wastewater or residual solids, you must submit a new application and the applicable fee and obtain coverage under Tier 2 or 3 of the Waiver prior to increasing the discharger volume.

Based on information provided in the NOI, we have determined that the discharge meets the required conditions for approval under the Waiver. You are hereby assigned

KARL E. LONGLEY SCD, P.E., CHAIR | PATRICK PULUPA, ESQ., EXECUTIVE OFFICER

Order R5-2020-0002-0063.
