Mr. Jim Marshall
CVRWQCB
11020 Sun Center Drive #200
Rancho Cordova, CA 95670-6114

Dear Mr. Marshall:

I am a Bear Valley Water District ratepayer and own a home at 99 Fremont Road in Bear Valley.

This letter is to express my strong support for the NPDES permit draft requiring secondary treatment.

As you know, Bear Valley has very unique characteristics and discharge to surface waters is likely only under extreme conditions (1-in-25 year events, or even less frequently).

Our effluent is already substantially tertiary under current conditions, it is the stated policy of our District to discharge only in emergencies, and there has been no discharge in over ten years. Accordingly, I strongly support secondary treatment as the basis for issuing the current NPDES permit.

Respectfully,

M. Sean Venezia

Michael Sean Venezia
