**REMEDICATION PLAN FOR THE WALKER MINE ACID MINE DRAINAGE  
ABATEMENT PROJECT**

We are hereby submitting a Remediation Plan to the State Board for approval under Water Code Section 13397 for the Walker Mine Acid Mine Drainage Abatement Project. The purpose of this remediation plan is to limit the Regional Board's responsibilities for implementation of corrective action activities at this abandoned mine site. The Remediation Plan provides information on the operations and maintenance of existing remediation structures at the Walker Mine site.

If you have any questions, please call me at (916) 255-3039 or your staff may call Patrick Morris at (916) 255-3121.
