Subject: Phase 1 Subsurface Investigation Report for the Fee 34 Facility and Race Track Hill  
Valley Water Management Company  
K/J 1365027\*00

Dear Mr. Johnson:

Valley Water Management Company (VWMC) requested that Kennedy/Jenks Consultants (Kennedy/Jenks) submit this report on subsurface investigations in the Edison Oil Field on their behalf. We have attached an electronic version of the report and a hard copy has been mailed to you.

The attached report summarizes the Phase 1 investigations and results. In addition, a proposal for Phase 2 investigations to follow up on the Phase 1 results is provided. A proposal for investigations of the deeper aquifers at the Fee 34 Facility and Race Track Hill will be submitted under separate cover.

VWMC is committed to continuing investigations to assess the potential effects of site activities on soil and groundwater in a timely manner. Please contact VWMC when you have reviewed this document and have comments. In order for us to continue site investigations in a timely manner, we need to finalize our plans in the near future.
