

Central Valley Regional Water Quality Control Board  
13/14 October 2022 Board Meeting

Response to Comments  
for the  
SACRAMENTO REGIONAL COUNTY SANITATION DISTRICT  
Tentative Waste Discharge Requirements

The following are Central Valley Regional Water Quality Control Board (Central Valley Water Board) staff responses to comments submitted by interested parties regarding the tentative Waste Discharge Requirements, National Pollutant Discharge Elimination System (NPDES) Permit CA0077682 amendment for the Sacramento Regional County Sanitation District (Discharger) Sacramento Regional Wastewater Treatment Plant (Facility).

The tentative NPDES Permit amendment was issued for a 30-day public comment period on 21 July 2022 with comments due by 22 August 2022. The Central Valley Water Board received public comments regarding the tentative Permit by the due date from the Discharger. Some changes were made to the proposed Permit amendment based on public comments received.

The submitted comments were accepted into the record, and are summarized below, followed by Central Valley Water Board staff responses.

---

## **DISCHARGER COMMENTS**

---

- 1. Discharger Comments 1-14:** The Discharger submitted 14 minor comments on the tentative amending order, including editorial changes, cross-references, and typo corrections.

**RESPONSE:** Central Valley Water Board staff concur and have revised the proposed amending Order accordingly.
