REMOVAL OF BURNETT LATERAL AT 28 MILE ROAD AND UPDATE OF THE EAST SAN JOAQUIN WATER QUALITY COALITION MONITORING SCHEDULE

Thank you for submitting the 5 March 2013 request to modify the East San Joaquin Water Quality Coalition (Coalition) Monitoring and Reporting Program Plan (MRP Plan). The letter requests to remove the monitoring site Burnett Lateral at 28 Mile Road from the Coalition's monitoring program, and rotate assessment monitoring in 2013 to the next scheduled site – Mootz Drain at Langworth Road (downstream of Langworth Pond).

I approve the Coalition's request effective immediately, as the monitoring site Burnett Lateral at 28 Mile Road is no longer located within the Coalition boundary adopted in the Waste Discharge Requirements General Order for Growers within the Eastern San Joaquin River Watershed that are Members of the Third-Party Group (R5-2012-0116). To effectively complete this transition, please submit the following documents by **26 March 2013** to revise the MRP Plan:

- Updated amendment table, Table A, which summarizes all changes to the Coalition's MRP Plan
- Revisions to Tables 4, 5, 7, and 10 of the MRP Plan.

If you have questions regarding this letter, please contact Jelena Hartman at (916) 464-4628, or by e-mail at jhartman@waterboards.ca.gov.
