SAN JOAQUIN COUNTY AND DELTA WATER QUALITY COALITION SEMI-ANNUAL MONITORING REPORT REVIEW

Thank you for the submittal of the San Joaquin County and Delta Water Quality Coalition (Coalition) Semi-Annual Monitoring Report (SAMR), which was received on 30 June 2008. Staff has completed a review (enclosed with this letter) of the SAMR for compliance with Monitoring and Reporting Program Order No. R5-2005-0833 (MRP Order).

Staff has noted several areas in which the Coalition continues to meet or exceed the MRP Order reporting requirements, including the following:

- Acknowledgement of applicable beneficial uses
- Incorporation of appropriate quality control samples
- Meeting precision, accuracy, and completeness requirements
- Tabulation of data to be readily discernable

Staff did identify some omissions in the SAMR that appear to be inadvertent errors. Please correct these omissions by submitting the following on or before **20 January 2009**:

1. One hard copy of Appendix 1 – Coalition monitoring data (attached comment B.1.)
2. One hard copy of the missing chain of custody (attached comment A.4.)

If you have any questions or comments regarding the review, or need any further information, please contact Chris Jimmerson at (916) 464-4859.
