JUNE 2013 PROPOSED SCHEDULE FOR FUTURE FOCUSED MANAGEMENT PLANS – WESTSIDE SAN JOAQUIN RIVER WATERSHED COALITION

Thank you for submitting the 18 June 2013 Westside San Joaquin River Watershed Coalition (Coalition) request to amend the approved Monitoring and Reporting Program focused management plan implementation schedule. Staff has completed a review of the request in accordance with the Coalition's approved 2008 Management Plan – General Approach.

The Coalition's Management Plan provides a schedule through 2012. This proposed amendment will continue the Management Plan schedule to 2016, identifying and prioritizing new watersheds to address water quality concerns.

Based upon staff's review of 2004-2012 monitoring data and the tally of 2010 to 2012 exceedances identified in the Coalition's memorandum, I approve the following proposed schedule.

Subwatershed Name	Anticipated Start Date
Blewett Drain	July 2013
Marshall Road Drain	July 2013
Ramona Lake	February 2015
Newman Wasteway	February 2015
Los Banos Creek	February 2016
