Subject: FW: Closure of the National Beef Brawley facility

This should be one of the exhibits. Just print it and have it ready. I already referenced it in the list of Exhibits.

Subject: Closure of the National Beef Brawley facility

Hello Jose,

I wanted to inform you personally that National Beef announced plans today to close the Brawley facility effective early April. We have retained HR Green to assist with wastewater closure activities consistent with Title 27 requirements and look to reach out to the City of Brawley and the Regional Water Board to identify schedules and additional requirements associated with this closure. I have spoken with Yazmin Arellano at the City and we have a meeting scheduled at the City's public works office on Monday at 3:30 pm. National Beef would also be available to meet with the Regional Board anytime that is convenient for you next week. Please let me know if you have time and when/where we could meet.

Kind Regards,

Dave Kalscheur
