

# Introduction

## Human Health and Safety Limit Increase Petition

The purpose of this survey is to request an increase to the exemption for health and human safety from curtailment under the Russian River Emergency Regulations. If you do not plan to continue diversion for the purposes of health and human safety or if you do not plan to divert greater than 55 gallons per day per person, please do not complete this survey.

At the end of this survey, you must certify that all the information entered into the form is true and correct to the best of your knowledge under penalty of perjury. Please keep this in mind while filling out the form.

To navigate this survey, use the "Next" and "Prev" buttons to move forward or backward. On the final page, instead of a "Next" button you will see a "Finish and Submit" button which will complete your survey. Your responses to each page will be saved when you continue to the next page.

If you encounter any issues, technical or otherwise, feel free to contact the State Water Resource Control Board at (phone no.) or (email address).

# Justification and Certifications

Please provide the following information to justify your proposed diversion greater than 55 gallons per day for human health and safety.

I certify that the supply will be used only for the need stated below. \*

**Describe the specific circumstances that make the requested diversion amount necessary to meet minimum human health and safety needs \***

(5000 character max.)

**Estimate the amount of water needed in gallons per day. \***

**Describe any other additional steps that will be taken to reduce diversions and consumption. \***

(5000 character max.)

**Provide the timeframe in which the diverter expects to reduce usage to no more than 55 gallons per person, per day, or why minimum human health and safety needs will continue to require more water \***

(5000 character max.)
