

Groundwater Basin Assessment Schedule (as of 7/2004)

State Water Resources Control Board
Groundwater Ambient Monitoring and Assessment (GAMA) Program

Basin Assessment Study Area	Groundwater Basins in Study Area	Number of Wells To Be Sampled	Assessment Completion Date (Scheduled)
San Diego	Temecula, Warner Valley, Santa Margarita, San Luis Rey, and Sweetwater	60	March-05
North San Francisco Bay	Santa Rosa Valley, Petaluma Valley, Wilson Grove Formation Highlands, Alexander Valley, Lower Russian River Valley, Kenwood Valley, Napa-Sonoma Valley, Napa-Sonoma Volcanic Highlands	120	June-05
North San Joaquin Valley	Eastern San Joaquin, Modesto, and Tracy	90	September-05
South Sacramento Valley	North American, South American, Yolo, and Solano	90	December-05
San Gabriel Valley, Raymond Basin, and San Fernando Valley	San Gabriel Valley, Raymond Basin, and San Fernando Valley	60	February-06
Monterey Bay	Salinas Valley, Pajaro Valley, Santa Cruz Purisima Formation, Soquel Valley, and West Santa Cruz Terrace	90	May-06
Kern Basin	Kern	60	July-06
Kings and Kaweah Basins	Kings, Kaweah	60	October-06
Central Sierra	The study area will consist of areas outside of mapped groundwater basins	40	February-07
Southern Sierra	Kern River Valley, Tehachapi Valley East, Tehachapi Valley West, and Cummings Valley. The study area will also include bedrock areas outside of mapped ground-water basins	30	March-07
Owens Valley and Indian Wells Valley	Owens Valley and Indian Wells Valley	80	June-07
Santa Clara River Valley, Pleasant Valley, Las Posas Valley, and Ventura River Valley	Santa Clara River Valley, Pleasant Valley, Las Posas Valley, and Ventura River Valley	60	November-07
Coachella Valley	Coachella Valley	60	January-08
Shasta Valley	Shasta Valley	30	March-08
