

GAMA Public Advisory Committee (PAC) Meeting
State Water Board
Friday, April 20, 2012– 9:00 a.m.

Klamath Room – Second Floor
Joe Serna Jr. Cal/EPA Building
1001 I Street, Sacramento

(See meeting location and WebEx instructions on next page)

Meeting Goal: To reach consensus on altering the scope of the GAMA Priority Basin Project by including less frequent trend monitoring and adding a statewide shallow aquifer monitoring and assessment element. These proposed changes will allow for a broader understanding of the state’s groundwater resource and will be effective immediately. The GAMA Priority Basin Project’s first ten-year phase ends in 2015.

9:00	Introductions and Ground Rules
9:15	GAMA Program Overview – John Borkovich, SWRCB <u><i>Desired Outcome:</i></u> Presentation and Discussion; Information
