

**CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
LAHONTAN REGION**

BOARD ORDER NO. R6T-2009-0039

RESCISSION OF CEASE AND DESIST ORDERS

FOR

**DISCHARGERS WITHIN SPALDING TRACT
DISCHARGING OR THREATENING TO DISCHARGE WASTES
IN VIOLATION OF WASTE DISCHARGE PROHIBITIONS
CONTAINED WITHIN THE WATER QUALITY CONTROL PLAN FOR THE
LAHONTAN REGION**

Lassen County

The California Regional Water Quality Control Board, Lahontan Region (Water Board) finds:

1. In September 1984, the Water Board amended the *Water Quality Control Plan for the Lahontan Region* (Basin Plan) to incorporate the following waste discharge prohibition.

“The discharge of waste from the Spaulding [sic] Tract or Stones-Bengard subdivisions with other than a zero discharge of nutrients to any surface waters or ground waters in the Eagle Lake basin is prohibited after September 14, 1989.” (Basin Plan, Chapter 4, *Implementation, Unit/Area-Specific Prohibitions for the Eagle Drainage Hydrologic Area* at p. 4.1-4)

This prohibition essentially prohibits the discharge of sewage to individual on-site waste disposal systems in the Spalding Tract after September 14, 1989.

2. In 1991, the Water Board issued 644 Cease and Desist Orders (CDOs) (6-91-227 through 6-91-822, 6-91-825 through 6-91-831, and 6-91-865 through 6-91-905) to property owners (hereinafter referred to as “Dischargers”) within the Spalding Tract subdivision for violating or threatening to violate the above-referenced waste discharge prohibition. The Water Board postponed additional enforcement actions so that a community wastewater system could be built and thereby provide a ready means of compliance to property owners.

CDOs issued to the Dischargers, in part, set forth a time schedule for completion of the community wastewater system. The CDOs also required the Dischargers to cease and desist from discharging wastes in violation of the waste discharge prohibition once the community wastewater system became operational.

3. On October 22, 2007, the Spalding Community Services District (District) wastewater collection and disposal system (System) became operational. As a result, there is a readily available method for property owners to comply with the waste discharge prohibition contained within the Basin Plan. Many property owners have since complied with the waste discharge prohibition by either connecting to the District's System or by properly abandoning their septic tank/leachfield system.
4. The CDOs that are being rescinded are shown in Attachment A, which is made a part of this Order, and include all the Dischargers that meet one of the following conditions:
 - a. The Discharger has connected the on-site waste disposal system to the District's System and is in compliance with the Basin Plan waste discharge prohibition.
 - b. The Discharger has properly abandoned the on-site waste disposal system and is in compliance with the Basin Plan waste discharge prohibition.
 - c. The Discharger identified in the CDO no longer owns the property.
5. It is in the public interest to rescind the CDOs identified in Attachment A as the Dischargers are either complying with the waste discharge prohibition or the CDOs are obsolete as the Dischargers no longer own the property.
6. The Water Board has notified, or attempted to notify, the Dischargers listed in Attachment A and interested persons of its intent to rescind the CDOs.
7. The Board in a public hearing heard and considered all comments pertaining to this Rescission Order.
8. Issuance of this Order is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.), in accordance with Title 14, California Code of Regulations, Section 15321.

IT IS HEREBY ORDERED that the Cease and Desist Orders listed in Attachment A be rescinded.

I, Harold J. Singer, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Lahontan Region, on June 10, 2009.

HAROLD J. SINGER
EXECUTIVE OFFICER
