

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
LAHONTAN REGION

CEASE AND DESIST ORDER NO. R6T-2011-0065

REQUIRING MICHAEL WAYNE ARNOLD AND KATHERINE DIANE ARNOLD
REVOCABLE TRUST, EAGLE LAKE RV PARK, ASSESSOR PARCEL
NUMBERS 077-181-12-11, 077-181-15-11, 077-182-09-11, 077-183-17-11, 077-
191-30-11, AND 077-192-39-11 TO CEASE AND DESIST FROM
DISCHARGING OR THREATENING TO DISCHARGE WASTE IN VIOLATION
OF A DISCHARGE PROHIBITION SPECIFIED BY THE *WATER QUALITY
CONTROL PLAN FOR THE LAHONTAN REGION*;
SPALDING TRACT SUBDIVISION,
EAGLE LAKE BASIN

Lassen County

The California Regional Water Quality Control Board, Lahontan Region (Water Board) finds:

1. The Michael Wayne Arnold and Katherine Diane Arnold Revocable Trust, (hereafter "Discharger") owns the Eagle Lake RV Park (hereafter "Facility") which is composed of Assessor Parcel Nos. 077-181-12-11, 077-181-15-11, 077-182-09-11, 077-183-17-11, 077-191-30-11, and 077-192-39-11 in the Spalding Tract subdivision located on the west shore of Eagle Lake, approximately 20 miles northwest of Susanville, California. See Attachment A – Vicinity Map, which is made a part of this Order.
2. The Discharger owns and/or operates multiple on-site wastewater disposal system located at the Facility. The existence of on-site wastewater disposal systems that have not been properly abandoned at the Facility permits waste containing nutrients to be discharged, and/or threatens a discharge of waste containing nutrients, to waters within the Eagle Lake Basin.
3. In September 1984, the Water Board amended the *Water Quality Control Plan for the Lahontan Region* (Basin Plan) to incorporate the following waste discharge prohibition.

"The discharge of waste from the Spaulding [sic] or Stones-Bengard subdivisions with other than a zero discharge of nutrients to any surface waters or ground waters in the Eagle Lake basin is prohibited after September 14, 1989." (Basin Plan, Chapter 4, *Implementation*, Unit/Area-Specific Prohibitions for the Eagle Drainage Hydrologic Area at p. 4.1-4.)

This prohibition essentially prohibits the discharge of sewage to individual on-site waste disposal systems in the Spalding Tract after September 14, 1989.

4. In 1991, the Water Board issued Cease and Desist Orders to the Spalding Tract property owners requiring that they cease and desist from discharging wastes in violation of the Basin Plan prohibition.
5. The Water Board did not pursue enforcement of the Cease and Desist Orders issued in 1991 because there was no readily available means by which the Spalding Tract property owners could comply with the Basin Plan prohibition.
6. On October 22, 2007, the Spalding Community Services District (District) community wastewater system (system) became operational. As a result, there is now an available method for the Spalding Tract property owners to comply with the Basin Plan prohibition.
7. On October 14, 2009, the Water Board adopted 74 Cease and Desist Orders for property owners who continued to discharge or threaten to discharge waste in violation of the Basin Plan prohibition. Cease and Desist Orders were only adopted for property owners where the Water Board provided evidence that: (1) an on-site wastewater disposal system was present on the owner's property, and (2) the on-site wastewater disposal system had not been connected to the District's system or properly abandoned. These Cease and Desist Orders require property owners to either connect their on-site wastewater disposal systems to the District's system or properly abandon them by December 31, 2009. Dischargers are also required to provide the Water Board with written documentation verifying compliance with the Basin Plan prohibition by January 15, 2010.
8. There are additional property owners that have yet to comply with the Basin Plan prohibition and did not receive a Cease and Desist Order in 2009. The Discharger identified in Finding No. 1, above, is such a property owner.
9. Lassen County records (Attachment B of this Order) provide evidence that the Discharger has multiple on-site wastewater disposal systems located on the parcels referenced in Finding No. 1, above. Additionally, District records (Attachment C of this Order) indicate that the Discharger has not connected its on-site wastewater disposal systems to the District system. The Water Board has also not received any written documentation from Lassen County verifying that the Discharger has properly abandoned its on-site wastewater disposal systems. Therefore, the Water Board finds that, at a minimum, the Discharger is threatening to discharge waste containing nutrients in violation of the Basin Plan prohibition described in Finding No. 3, above.

10. Water Code section 13301 states, in part:

“When a Regional Board finds that a discharge of waste is taking place, or threatening to take place, in violation of requirements or discharge prohibitions prescribed by the regional board or the state board, the [regional] board may issue an order to cease and desist and direct that those persons not complying with the requirements or discharge prohibitions (a) comply forthwith, (b) comply in accordance with a time schedule set by the [regional] board, or (c) in the event of a threatened violation, take appropriate remedial or preventive action.”

11. As noted in Finding No. 9, above, the Discharger, at a minimum, is threatening to discharge waste in violation of the Basin Plan prohibition described in Finding No. 3, above. Therefore, the Water Board is authorized to issue a Cease and Desist Order for the threatened discharge pursuant to Water Code section 13301.

12. The Water Board is issuing new Cease and Desist Orders to all Spalding Tract property owners that (1) have an on-site wastewater disposal system, (2) have either failed to connect their on-site wastewater disposal system to the District’s system or properly abandoned it, and (3) were not issued a Cease and Desist Order in 2009. The Discharger is such a property owner as identified in Finding Nos. 8 and 9, above. The new Cease and Desist Orders reflect current property ownership, the availability of the District’s system as a means of compliance, and establish a new compliance schedule.

13. Water Code section 13267, subdivision (b) states:

“In conducting an investigation specified in subdivision (a), the regional board may require that any person who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge waste within its region, or any citizen or domiciliary, or political agency or entity of this state who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge, waste outside of its region that could affect the quality of the waters within its region shall furnish, under penalty of perjury, technical or monitoring program reports which the regional board requires. The burden, including costs, of these reports shall bear a reasonable relationship to the need for the report and the benefits to be obtained from the reports. In requiring these reports, the regional board shall provide the person with a written explanation with regard to the need for the reports, and shall identify the evidence that supports requiring that person to provide the reports.”

14. The technical reports required by this Order are necessary to ensure compliance with the discharge prohibition described in Finding No. 3, above, and this Cease and Desist Order, as well as to ensure protection of waters of the state, and to protect public health and the environment. The burden, including costs, of the reports required by this Order bear a reasonable relationship to the need for the reports and the benefits to be obtained therefrom.
15. The Water Board notified the Discharger and interested persons of its intent to consider adoption of this Cease and Desist Order, and provided an opportunity to submit written comments and appear at a public hearing. The Water Board, in a public hearing, heard and considered all comments.
16. Issuance of this Order is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, section 21000, et seq.), in accordance with section 15321, subdivision (a)(2), title 14, California Code of Regulations.
17. Any person aggrieved by this action of the Regional Water Board may petition the State Water Board to review the action in accordance with Water Code section 13320 and California Code of Regulations, title 23, sections 2050 and following. The State Water Board must *receive* the petition by 5:00 p.m., 30 days after the date of this Order, except that if the thirtieth day following the date of this Order falls on a Saturday, Sunday, or state holiday, the petition must be received by the State Water Board by 5:00 p.m. on the next business day. Copies of the law and regulations applicable to filing petitions may be found on the Internet at:
http://www.waterboards.ca.gov/public_notices/petitions/water_quality
or will be provided upon request.

THEREFORE, IT IS HEREBY ORDERED that, pursuant to Water Code sections 13301 and 13267, the Discharger shall cease and desist from discharging wastes or threatening to discharge wastes, in violation of the Basin Plan prohibition and shall comply with the other provisions of this Order:

1. By **November 10, 2011**, the Discharger must complete one of the following:
 - a. Connect to the District's system.
 - b. Abandon the on-site wastewater disposal systems on the Discharger's property, Assessor Parcel Nos. 077-181-12-11, 077-181-15-11, 077-182-09-11, 077-183-17-11, 077-191-30-11, and 077-192-39-11.

2. By **November 28, 2011**, the Discharger must complete one of the following:
 - a. If the Discharger has connected to the District's system, pursuant to option 1.a., above, the Discharger must request, both orally and in writing, that the District include its property on the list of properties connected to the District's system. The Water Board must be copied on the written request. Compliance with this provision will be determined by the Water Board through a review of the District's list.
 - b. If the Discharger has abandoned the on-site wastewater disposal system, pursuant to option 1.b., above, the Discharger must request, both orally and in writing, that the Lassen County Environmental Health Department (County) inspect the Discharger's property to verify that the on-site waste disposal system has been abandoned. The Water Board must be copied on the written request. Additionally, the Discharger shall provide the Water Board with a "Certification of Abandonment" provided by the County.
 - c. Provide a technical report (form included as Attachment D of this Order) documenting that the Discharger's property does not have an on-site wastewater disposal system. The report must include all information necessary to assist the Water Board in verifying the parcel number, street address, and the exact location of the Discharger's property, and any improvements to the property. The Discharger must provide written consent to allow Water Board staff to enter the Discharger's property for the purpose of verifying the absence of on-site wastewater disposal systems. If the Discharger wishes to be present during the inspection, the Discharger is requested to provide their contact information or the contact information of the person they wish to be present during the inspection. Contact information must include: name, mailing address, physical address of Spalding Tract property, phone number(s), and email address, if any.
3. The information required in paragraphs 2.a. through 2.c., above, is required to be provided pursuant to Water Code section 13267 (see Attachment E – Water Code section 13267 Fact Sheet), and is necessary to ensure that the person or persons to whom this Order is issued have taken appropriate action to abate the discharge, and/or threatened discharge, of waste in violation of the Basin Plan prohibition.

Failure to comply with the terms or conditions of this Cease and Desist Order will result in additional enforcement action, which may include the imposition of administrative civil liability pursuant to Water Code sections 13350 and/or 13268, or referral to the Attorney General of the State of California for such legal action as he may deem appropriate.

I, Harold J. Singer, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Lahontan Region on September 14, 2011.

HAROLD J. SINGER

PLEASE REFER TO MAP OF EAGLE LAKE RV PARK SUPPLIED WITH TECH REPORT DATA, DATED 09/17/08						
notes :						
Permits for tanks # 3 and # 4 are issued by SCSD.						
M & K Arnold, a licensed California Contractor, license# 596930, who's principles also own Eagle Lake RV Park, arrived at the subject property in late April 2009 with materials, a crew and equipment to install tie ins to the remaining 3 tanks. We had been lead to believe all were gravity connections. This information came from one of SCSD's sewer project inspectors.						
Tank # 4 was hooked up as a gravity connection. Upon verification of elevations, Tank #'s 2 and 3 needed pump systems. The 2" pressure lateral to hook up Tank # 2 was installed, inspected and capped, waiting for pump design. According to SCSD's sewer ordinance these pump systems are to be supplied and installed by SCSD.						
We have been and continue to wait for SCSD to proceed.						
We are confident that SCSD will successfully complete their design process and wish to request that the installation be completed no later than the opening date of the Park next year.						
The RV Park operates from May 31, to Dec. 1 annually due to cold weather conditions and fishing restrictions on Eagle Lake.						
The Park is drained of water and generates no discharge during the closed winter months. Due to our seasonality it would be very damaging and disruptive to our business to open excavations in the Park during our open season.						
We very much understand and agree with the need to eliminate discharge into ground and surface water in the Eagle Lake Basin.						
LAHONTAN WATER BOARD STAFF IS HEREBY GRANTED CONSENT TO ENTER THE ABOVE MENTIONED PARCELS TO VERIFY THE INFORMATION IN THIS REPORT						
WE WOULD LIKE TO BE PRESENT DURING ANY INSPECTIONS, contact information as follows:

TECH REPORT DATA
EAGLE LAKE RV PARK, SPALDING TRACT, EAGLE LAKE BASIN

APN	DISCHARGE TO GROUND	TANK	FIELD	CONNECTION TO FIELD	CONNECTION TO SEWER	
077-181-12-11	yes	# 4	yes	yes	tank # 4 to hook up May-09	
077-181-15-11	no	no	no	thru tank # 4	N/A	
077-182-09-11	tank # 1 - no/tank # 2 - yes	# 1 and # 2	yes	thru tank # 2 only	tank # 1 hooked up May-08 tank # 2 to hook up May-09	* SCSD permit issued for both tanks on this parcel documentation of # 1 hook up attached.
077-183-17-11	no	no	no	thru tank # 2	N/A	
077-183-19-11	no	no	no	N/A	N/A	* This parcel contains only storage units, no plumbing.
077-191-30-11	yes	no	yes	thru tank # 3	N/A	
077-192-39-11	no	# 3	no	yes	tank # 3 to hook up May-09	
SEE ATTACHED MAP OF EAGLE LAKE RV PARK						
notes .						
Remaining permits for tanks # 3 and # 4 are ready at SCSD, to be picked up at start of construction.						
All work to be performed by M & K Arnold, a licensed California Contractor, license# 596930, who's principles also own Eagle Lake RV Park						
The RV Park operates from May 31, to Dec. 1 annually due to cold weather conditions and fishing restrictions on Eagle Lake						
The Park is drained of water and generates no discharge during the closed winter months. Due to our seasonality it would be very damaging and disruptive to our business to open excavations in the Park during our open season.						
We are, therefore, proposing to have the hook ups completed by our opening date next year of May 31, 2009. This deadline would allow us flexibility to install some of the hook ups this fall/winter just before closing, weather permitting, and/or finish next spring before opening.						
We very much understand and agree with the need to eliminate discharge into ground and surface water in the Eagle Lake Basin.						
LAHONTAN WATER BOARD STAFF IS HEREBY GRANTED CONSENT TO ENTER THE ABOVE MENTIONED PARCELS TO VERIFY THE INFORMATION IN THIS REPORT.						
WE WOULD LIKE TO BE PRESENT DURING ANY INSPECTIONS, contact information as follows:						
Mike and Kate Arnold	Subject property address;			THANK YOU,

Technical Report Form No On-site Waste Disposal Certification

Property Owner Name (print)	
Assessor's Parcel Number	
Street Address	

Please list any improvements to the above-listed property, including but not limited to, any structures, wells, utilities, or septic tanks located on the property. Use additional paper if necessary.

Improvements:

For the purpose of verifying the absence of on-site waste disposal systems, the Discharger must provide written consent to allow Water Board staff to enter the Discharger's property. Please complete the following sections.

Permission to allow inspection.

I, _____ (print property owner's name), do hereby provide consent to allow Water Board staff to enter my property for the purpose of verifying the absence of on-site waste disposal systems.

Would you like to be present during the inspection?

I, _____ (print property owner's name),

- Would like to be present during the inspection
- Would like someone other than myself to be present during the inspection
- Do not wish to be present during the inspection

If you would like to be present during the inspection, provide your contact information or the contact information of the person you wish to be present during the inspection.

Name of person to be present	
Phone number	
Mailing address	
Cell phone number (if available)	
E-Mail Address (if available)	

I hereby certify that the above information is true and correct. I understand that failure to provide complete and accurate information may result in the imposition of administrative or judicial civil liability.

**Fact Sheet – Requirements for Submitting Technical Reports
Under Section 13267 of the California Water Code**

October 8, 2008

What does it mean when the regional water board requires a technical report?

Section 13267¹ of the California Water Code provides that "...the regional board may require that any person who has discharged, discharges, or who is suspected of having discharged...waste that could affect the quality of waters...shall furnish, under penalty of perjury, technical or monitoring program reports which the regional board requires".

This requirement for a technical report seems to mean that I am guilty of something, or at least responsible for cleaning something up. What if that is not so?

Providing the required information in a technical report is not an admission of guilt or responsibility. However, the information provided can be used by the regional water board to clarify whether a given party has responsibility.

Are there limits to what the regional water board can ask for?

Yes. The information required must relate to an actual or suspected discharge of waste, and the burden of compliance must bear a reasonable relationship to the need for the report and the benefits obtained. The regional water board is required to explain the reasons for its request.

What if I can provide the information, but not by the date specified?

A time extension can be given for good cause. Your request should be submitted in writing, giving reasons. A request for a time extension should be made as soon as it is apparent that additional time will be needed and preferably before the due date for the information.

Are there penalties if I don't comply?

Depending on the situation, the regional water board can impose a fine of up to \$1,000 per day, and a court can impose fines of up to \$25,000 per day as well as criminal penalties. A person who submits false information is guilty of a misdemeanor and may be fined as well.

What if I disagree with the 13267 requirement and the regional water board staff will not change the requirement and/or date to comply?

Any person aggrieved by this action of the Regional Water Board may petition the State Water Board to review the action in accordance with Water Code section 13320 and California Code of Regulations, title 23, sections 2050 and following. The State Water Board must receive the petition by 5:00 p.m., 30 days after the date of the Order, except that if the thirtieth day following the date of this Order falls on a Saturday, Sunday, or state holiday, the petition must be received by the State Water Board by 5:00 p.m. on the next business day. Copies of the law and regulations applicable to filing petitions may be found on the Internet at:

http://www.waterboards.ca.gov/public_notices/petitions/water_quality or will be provided upon request.

Claim of Copyright or other Protection

Any and all reports and other documents submitted to the Regional Board pursuant to this request will need to be copied for some or all of the following reasons: 1) normal internal use of the document, including staff copies, record copies, copies for Board members and agenda packets, 2) any further proceedings of the Regional Board and the State Water Resources Control Board, 3) any court proceeding that may involve the document, and 4) any copies requested by members of the public pursuant to the Public Records Act or other legal proceeding.

If the discharger or its contractor claims any copyright or other protection, the submittal must include a notice, and the notice will accompany all documents copied for the reasons stated above. If copyright protection for a submitted document is claimed, failure to expressly grant permission for the copying stated above will render the document unusable for the Regional Board's purposes, and will result in the document being returned to the discharger as if the task had not been completed.

If I have more questions, who do I ask?

Requirements for technical reports normally indicate the name, telephone number, and email address of the regional water board staff person involved at the end of the letter.

¹ All code sections referenced herein can be found by going to www.leginfo.ca.gov. Copies of the regulations cited are available from the Regional Board upon request.
