TO ALL INTERESTED PERSONS AND AGENCIES:

UPDATED NOTIFICATION OF PROPOSED AMENDMENT TO ORDER NO. R6V-2005-0020, WATER QUALITY CERTIFICATION, WASTE DISCHARGE REQUIREMENTS, AND NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT FOR CITY OF LOS ANGELES DEPARTMENT OF WATER AND POWER LOWER OWENS RIVER PROJECT, INYO COUNTY

This notice updates a previous notice informing interested parties of the Lahontan Water Board's intention to consider an Amendment to Order No. R6V-2005-0020. The Proposed Order amends Order No. R6V-2005-0020 to incorporate the Storm Water Pollution Prevention Plan (SWPPP) submitted by the Los Angeles Department of Water and Power (LADWP) for the Lower Owens River Project (LORP) into that Order. The proposed Order, including a SWPPP dated September 27, 2005, was previously posted on the Water Board's Internet website at <http://www.waterboards.ca.gov/lahontan/>. An updated version of the SWPPP, dated October 19, 2005, was submitted by LADWP in response to comments from Water Board staff. Changes in the updated SWPPP clarify and supply additional information regarding the types of materials used, scheduling changes, personnel and contractor identification, and revegetation and monitoring plans during construction activities. Both versions of the SWPPP and a summary of the changes are available for review on the website or upon request. If you wish to comment on the Proposed Order, including the revised SWPPP, please provide us with your written comments as soon as possible.

The Proposed Order will be presented to the Water Board for adoption at a meeting set for **1:30 p.m. on November 9, 2005** at the Lahontan Water Board's Victorville Office at 14440 Civic Drive, Suite 200, Victorville, California and the Truckee Sanitary District Board Room, 12304 Joerger Drive, Truckee, California. The meeting will be conducted using teleconference equipment to allow Board members and the public to attend and participate from either of these two locations. Please note these are different meeting locations than previously announced.

You may contact me at (530) 542-5435 if you should have any questions or comments or to obtain or discuss the Proposed Order..
