Concise Summary of Regulator Provisions

TITLE 23. Waters

Division 4. Regional Water Control Boards

Chapter 1. Water Quality Control Plans, Policies, and Guidelines Article 6. Lahontan Region

The following section 3959.9 is to be added to Title 23 of the California Code of Regulations:

Section 3959.9 – Modify Beneficial Uses for the Mojave River and its Tributaries and Other Minor Revisions

On June 12, 2019, the Lahontan Regional Water Quality Control Board (Lahontan Water Board) adopted Resolution No. R6T-2019-0246, amending the Water Quality Control Plan for the Lahontan Region (Basin Plan). The State Water Resources Control Board approved the amendment under Resolution No. 2019-0053 on October 3, 2019.

Resolution No. R6T-2019-0246 modifies the beneficial uses for the Mojave River and its tributaries and makes other minor revisions to the Basin Plan. The Basin Plan amendment adds the Preservation of Biological Habitats of Special Significance (BIOL) and the Rare, Threatened, or Endangered Species (RARE) beneficial use designations to specific reaches of the Mojave River and its tributaries. It also removes the Cold Freshwater Habitat (COLD) beneficial use designation for a portion of the Mojave River. Additionally, the Basin Plan amendment updates language regarding federal Wild and Scenic Rivers in the Lahontan Region, adds language to highlight the protection of desert riparian habitat when planning off-highway vehicle routes, and makes a small number of technical revisions to improve clarity.
