
Los Angeles Regional Water Quality Control Board

March 9, 2015

TO ALL PARTIES AND INTERESTED PERSONS:

Written Testimony of Cris Morris, P.E., Chief, Municipal Permitting Unit (NPDES), regarding the Revised Tentative Waste Discharge Requirements (WDRs) and National Pollutant Discharge Elimination System (NPDES) Permit for the San Jose Creek Water Reclamation Plant (NPDES No. CA0053911 CI No. 5542)

Enclosed with this letter is written testimony by Cris Morris, P.E., Chief of the Municipal Permitting Unit (NPDES) for the Regional Water Board for the Los Angeles Region (Regional Water Board) regarding the proposed reissuance of WDRs (NPDES permit renewal) to the Joint Outfall System for the San Jose Creek Water Reclamation Plant (San Jose Creek WRP).

This written testimony is submitted in advance of the public hearing to be held on March 12, 2015, regarding the San Jose Creek WRP. It is submitted in lieu of Ms. Morris presenting the information orally and visually during the hearing, to streamline the hearing process. This written testimony is substantively the same as oral and visual testimony presented by Ms. Morris to the Regional Water Board regarding the tentative WDRs for the Whittier Narrows and Pomona Water Reclamation Plants at the hearing held on November 6, 2014. Ms. Morris will make a shortened presentation during the hearing on March 12, 2015, to address issues not included in the attached written testimony and summarize particular aspects of her written testimony. Parties and interested persons will have the opportunity to respond to all of Ms. Morris's testimony, both written and oral, during their allotted time for comment at the public hearing.

If you have any questions regarding the hearing procedures related to the attached testimony, please contact Nicole L. Kuenzi at (916) 322-4142 or at nicole.kuenzi@waterboards.ca.gov.

Sincerely,

Nicole L. Kuenzi
Attorney for the Los Angeles Regional Water Board

Enclosure: Written Testimony of Cris Morris, P.E., Chief, Municipal Permitting Unit (NPDES)
