

Los Angeles Regional Water Quality Control Board

September 25, 2015

Mr. Timothy Hayes
Director – Pipeline and Terminal Operations
Marine Terminal 2
1300 Pier B Street
Long Beach, CA 90813

Dear Mr. Hayes:

REVISED TENTATIVE WASTE DISCHARGE REQUIREMENTS AND NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT FOR TESORO LOGISTICS OPERATIONS, LLC, MARINE TERMINAL 2, LONG BEACH, CA. (NPDES NO. CA0000442, CI NO. 6802).

Our letter dated August 11, 2015, transmitted the tentative Waste Discharge Requirements (WDRs) to Tesoro Logistics Operations, LLC for discharges of untreated storm water from Marine Terminal 2 to Long Beach Inner Harbor, a water of the United States. During a subsequent internal review, staff noted some inconsistencies. The changes to the tentative Waste Discharge Requirements (WDRs) for Marine Terminal 2 include the following:

- Name changed from “Long Beach Marine Terminal 2” to “Marine Terminal 2”.
- Calculated mass of effluent at each outfall using 0.5 MGD as the flow rate. The total permitted flow remains 1.5 MGD.
- Edit made to Footnote 1 of Table 4, Page 6 of the Limitations and Discharge Requirements, to indicate total permitted flow rate.

The entire revised tentative permit is attached herewith.

In accordance with administrative procedures, this Board at a public hearing to be held on October 8, 2015, at 9:00 A.M., at Metropolitan Water District of Southern California Board Room, 700 North Alameda Street, Los Angeles, California, will consider the enclosed revised tentative requirements and comments submitted in writing regarding the tentative WDRs. The Board members will hear any testimony pertinent to this discharge and the revised tentative requirements. It is expected that the Board will take action at the hearing; however, as testimony indicates, the Board, at its discretion, may order further investigation.

Mr. Timothy Hayes
Tesoro Logistics Operations, LLC
Long Beach Marine Terminal 2
