Permittees of the Santa Monica Bay Jurisdictional Group 2 and 3 CIMP Group<sup>1</sup>

**APPROVAL OF THE SANTA MONICA BAY JURISDICTIONAL GROUP 2 AND 3 GROUP'S COORDINATED INTEGRATED MONITORING PROGRAM, PURSUANT TO PART III IN ATTACHMENT E OF THE REGIONAL MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) WASTE DISCHARGE REQUIREMENTS AND NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT FOR THE LOS ANGELES REGION (NPDES PERMIT NO. CAS004004; ORDER NO. R4-2021-0105)**

Dear Permittees of the Santa Monica Bay Jurisdictional Group 2 and 3 CIMP Group:

The Regional MS4 Permit (Order No. R4-2021-0105) authorizes discharges from the MS4 operated by 99 municipal Permittees within the coastal watersheds of Los Angeles and Ventura Counties (hereafter, Regional MS4 Permit or Order). The Regional MS4 Permit requires Permittees to implement an Integrated Monitoring Program (IMP) or a Coordinated Integrated Monitoring Program (CIMP) as set forth in the Monitoring and Reporting Program (Attachment E of the Order) hereafter, MRP.

Pursuant to Part III.D.1.a of the MRP, the Santa Monica Bay Jurisdictional Group 2 and 3 CIMP Group (Group) submitted a revised draft CIMP by the March 13, 2023 deadline for approval by the Executive Officer of the Los Angeles Regional Water Quality Control Board (Los Angeles Water Board or Board).

### **Public Review and Comment**

On March 17, 2023, the Los Angeles Water Board, provided public notice and a 60-day period to allow for public review and comment on all new or updated monitoring programs submitted by March 13, 2023. The Board received one joint comment letter from Heal the Bay, Natural Resources Defense Council (NRDC), and Los Angeles Waterkeeper. These comments were considered during the Board's review of the IMPs and CIMPs.

---

<sup>1</sup> Permittees of the Santa Monica Bay Jurisdictional Group 2 and 3 CIMP Group include the City of Los Angeles, County of Los Angeles, City of Santa Monica, City of El Segundo, and Los Angeles County Flood Control District.

## **Board's Review**

Los Angeles County Permittees were required to update and/or develop a monitoring program pursuant to Part III of the MRP. On May 16, 2023, the Board provided comments to the Group requesting revisions to the CIMP. Per the Group's request, a meeting was held on July 18, 2023, to discuss some remaining comments. On August 25, 2023, the Group requested time extension to submit the revised CIMP to incorporate the necessary changes, which was approved by the Board. The Group submitted the revised CIMP by the October 30, 2023 due date.

The Los Angeles Water Board has reviewed the Group's CIMP dated October 30, 2023, and has determined that it is consistent with applicable requirements in the MRP, monitoring provisions in applicable TMDLs, and specifically, with Attachments K through S of the Order.

## **Approval**

The Los Angeles Water Board hereby approves the Group's CIMP, dated October 30, 2023. Pursuant to Part III.D.1.c of the MRP, **the Group shall implement their approved CIMP immediately.**

## **Monitoring Program Modifications**

Pursuant to Part II.F of the MRP, if the Permittee(s) wish to modify any monitoring requirements in their approved Monitoring Program (e.g., reduce or eliminate monitoring of specified pollutants, reduce monitoring frequencies, change monitoring locations), then the Permittee(s) shall submit a written request to the Executive Officer of the Los Angeles Water Board for approval prior to making any modifications. This provision may be waived if the Los Angeles Water Board determines that the modification is (a) minor and (b) does not otherwise violate any applicable provision of law.

Additionally, pursuant to Part III.D.1.d of the MRP, if there is any change in membership of Permittees participating in an approved CIMP (e.g., Permittee in an IMP joining a CIMP, Permittee dropping out of the CIMP), the Permittee(s) affecting the change shall notify the Los Angeles Water Board promptly. The affected Permittee(s) shall then revise/develop their monitoring program as directed by the Los Angeles Water Board.
