Dear Mr. Miller:

Subject: Rescission of Monitoring and Reporting Program No R1-2009-0086

File: USA Gasoline Station #206, 1301 North State Street, Ukiah, Case No. 1TMC013 WDID No. 1B02090NMEN

North Coast Regional Water Board staff reviewed the file and results of recent laboratory testing for the above named property. Regional Water Board staff determined that this site complies with the State Water Resource Control Board's Low-Threat Underground Storage Tank Case Closure Policy and no further action (NFA) is necessary in conjunction with the former underground storage tank (UST). Monitoring of groundwater is no longer required. Accordingly, Monitoring and Reporting Program No. R1-2009-0086 is rescinded at this time.
