To: Mona Daughter
Northcoast Regional Water Quality Control Board
5550 Skylane Blvd., Suite A
Santa Rosa, CA 95403

Subject: Comments on Draft General Waste Discharge Requirements for Discharges of Wine, Beverage, and Food Processor Waste to Land.

This letter is to express support for the comments provided by; the Environmental Working Group of the Wine Institute on the technical aspect of the WDR, California Sustainable Winegrowing Alliance (CSWA) comments on BMP programs, and Brelji & Race technical comments.

These through and supported comments to the Draft reflect our concerns also. We urge the NCRWQCB to consider all these comments and work with the industry to develop a WDR that will protect the waters of the state in an efficient manner.

Thank you
