

EXECUTIVE OFFICER'S SUMMARY REPORT
1:00 p.m., April 23, 2008
The Sons of Italy Weed Lodge No. 1269
155 Clay Street
Weed, California

ITEM: 2

SUBJECT: Update on Monitoring Activities within the North Coast Region

DISCUSSION

Surface water quality monitoring work is being conducted within the North Coast Region by various groups and agencies. This presentation to the Board is an informational item outlining some of the entities that are involved in conducting monitoring work, the type of monitoring work, and the watersheds in which that monitoring work is occurring.

This presentation will include an outline of work being conducted by the Water Board's SWAMP and TMDL programs, the Sonoma County Water Agency, an overview of monitoring activities by California of Department of Water Resources (DWR), various Tribes, as well as other organizations and non-profits such as The Nature Conservancy and the Salmon River Restoration Council.
