**Subject:** Page Permit Package

Cody, As we discussed today; below are some minor typographic comments on the draft permit package:

- Updates to the distribution list
  - Replace P. Cayler with Adrienne Moore ([amoore@cityofwillits.org](mailto:amoore@cityofwillits.org))
  - T. Barreau (and the CDPH) are no longer involved with this project
  - T. Larson has retired, his replacements is Dennis Reis ([DReis@Briggs.com](mailto:DReis@Briggs.com))
  - Phil Hunsucker has retired, his replacement is Alison McAdams ([AMcadams@hgnlaw.com](mailto:AMcadams@hgnlaw.com))
- Update Table 4 with current address for Trust:
  - 692 Russell Drive, Folsom, CA 95630; 916.805.5856
- P. 18, bullet 2 and P 19, sect K, first para both have an extra period at the end of sentence
- Page A-2, there are 2 definitions for MDEL
- Attachment E:
  - Add table E7 to Table of Contents
  - Table E-3, footnote 8...seems vestigial and likely from another permit
  - Page E-10, Sect C. 1., requests a TRE WP by March 1, 2018. We understand that you will delete this as we submitted the TRE WP back in 2007.
  - Page E-14, bullet 2: standard language that indicates monthly SMRs. Note table E-7 is correct and indicates annual reporting.
  - E-15, Sect D1...requests DMR (EPA requirement), not applicable to this project without discharge to Darby Creek
- Attachment F
  - Table F-1 update with current addresses, contacts noted above.
  - F-20, 6A, there is not industrial stormwater permit for this property (i.e., this isn't an industrial facility); we don't capture stormwater.

Look forward to talking with you on the next monthly call (revised to October 25<sup>th</sup>). Let me know if you have any questions/comments.
