The Complaint was issued for 92 violations of NPDES effluent limitations subject to mandatory minimum penalties set forth in Section 13385(h) and (i) of the California Water Code (CWC). The Complaint proposes to assess the mandatory minimum Administrative Civil Liability of \$231,000.

Opportunity for Settlement Without a Public Hearing

A 30-day public comment period has commenced beginning on the date of this notice. If no significant comments are received during the comment period, the Discharger will have the opportunity to settle this enforcement matter without a hearing, by paying the proposed Administrative Civil Liability. The Executive Officer will consider comments received and either finalize the settlement or take other appropriate action.

Public Hearing Procedures

If the Discharger expresses intent to contest the Complaint by not waiving the hearing, the Regional Water Board will hold a public hearing on this matter on May 17, 2006 at 9:00 a.m., or as announced in the Regional Water Board's summary agenda to be mailed on or about April 17, 2006. The meeting is scheduled to be held in the River Lodge Conference Center, 1800 Riverwalk Drive, Fortuna, California. At the hearing, the Regional Water Board will consider whether to affirm, reject, or modify the proposed Civil Liability, or take other enforcement action.

The Discharger and interested persons must submit to the Regional Water Board office at 5550 Skylane Boulevard, Suite A, Santa Rosa, California, 95403, written copies of all technical reports, testimony, and other evidentiary material concerning this issue to be received by 5:00 p.m. on April 17, 2006. This written material will be made available to the Regional Water Board members and all interested persons.

Written material received after the above date will not be accepted, except at the discretion of the Regional Water Board Chair. Untimely written material will not be accepted or incorporated into the administrative record if doing so would prejudice the Discharger or the Regional Water Board staff. The Chair may choose to modify this rule upon a showing of severe hardship (California Code of Regulations, Title 23, Sections 648.1 and 648.4).

All those who plan to testify at the hearing must submit written statements to the Regional Water Quality Control Board to be received by 5:00 p.m. on April 17, 2006. The statements should provide the name of the witness, their qualifications (if an expert), and the scope of their intended testimony. Testimony at the above-scheduled hearing may summarize or explain timely submitted or late-accepted written evidence, but shall not add new evidence. The time constraints for oral testimony or comments will be set by Regional Water Board Chair and usually will allow no more than ten minutes for Regional Water Board staff and the Discharger and three minutes for other interested persons. A timer may be used and speakers are expected to honor the time limits. Where speakers can be grouped by affiliation or interest, such groups will be expected to select a spokesperson and not be repetitive.
