On the basis of preliminary staff review and application of lawful standards and regulations, the California Regional Water Quality Control Board, North Coast Region (Regional Water Board), will consider the adoption of a General Waste Discharge Requirements Order No. R1-2011-0028 for Discharges of Highly Treated Groundwater to Surface Waters Following Extraction and Treatment of Groundwater Polluted with Petroleum Hydrocarbons and Volatile Organic Compounds, replacing General Waste Discharge Requirements Order NO. R1-2006-0048.

Public Hearing Procedures

The public meeting to consider the adoption of the above documents is scheduled for May 5, 2011 in Eureka at 8:30 a.m. The meeting will be held at the Wharfinger Building, #1 Marina Way, in Eureka. At the hearing, the Regional Water Board will consider whether to affirm, reject, or modify the proposed documents, or take another action.

In order for the Regional Water Board to consider any evidentiary material concerning this hearing, any documents, including written technical reports and other evidentiary material, must be received by the Regional Water Board no later than 5:00 p.m. on March 14, 2011, at 5550 Skylane Boulevard, Suite A, Santa Rosa, California 95403. This written material will be submitted to the Regional Water Board members and all interested persons along with the full agenda materials.

Written material received after the above date will not be accepted except at the discretion of the Regional Water Board Chair. Untimely written material will not be accepted or incorporated into the administrative record if doing so would prejudice the Discharger or the Regional Water Board staff. The Chair may choose to modify this rule upon a showing of severe hardship (California Code of Regulations, Title 23, Sections 648.1 and 648.4).

All those who plan to testify at the hearing must submit written statements to the Regional Water Board by March 14, 2011. The statements should provide the name of the witness, their qualifications (if an expert), and the scope of their intended testimony. Testimony at the above-scheduled hearing may summarize or explain timely submitted or late accepted written evidence, but shall not add new evidence. The time constraints for oral testimony or comments will be set by the Regional Water Board Chair and usually allow no more than 15 minutes for Regional Water Board staff and the Discharger and three minutes for other interested persons. A timer may be used and speakers are expected to honor the time limits. Where speakers can be grouped by affiliation or interest, such groups will be expected to select a spokesperson and not be repetitive.
