A copy of the current regulations and the underlying statutes governing adjudicative proceedings before the State Water Board is available upon request or may be viewed at the State Water Board's web site: [http://www.waterboards.ca.gov/laws\\_regulations](http://www.waterboards.ca.gov/laws_regulations).

Unless otherwise determined by the hearing officer, each party may make an opening statement, call and examine witnesses, introduce exhibits, cross-examine opposing witnesses on any matter relevant to the issues even if that matter was not covered in the direct examination, impeach any witness, rebut adverse evidence, and subpoena, call and examine an adverse party or witness as if under cross-examination. At the discretion of the hearing officer, parties may also be afforded the opportunity to present closing statements or submit briefs. The North Coast Regional Board encourages (but does not require) parties with common interests to work together to make the hearing process more efficient. In addition, parties are encouraged to stipulate to facts not in dispute, if appropriate. The hearing officer reserves the right to issue further rulings clarifying or limiting the rights of any party where authorized under applicable statutes and regulations.

Excluded evidence and testimony will not be considered by the North Coast Regional Board and will not be included in the administrative record for this proceeding. Power Point and other visual presentations may be used at the hearing, but their content may not exceed the scope of other submitted written material. Designated parties must provide the Advisory Team with a printed copy of such materials at or
