Notice of Public Hearing

Order No. R1-2012-0010

In The Matter of An

Extension of Limited Term Amendment Order No. R1-2011-0038,
to NTMP Provisions of Order No. R1-2009-0038,
Categorical Waiver of Waste Discharge Requirements for
Discharges Related to Timber Harvest Activities on
Non-Federal Lands in the North Coast Region

On January 18 or 19, 2012, the North Coast Regional Water Quality Control Board (Regional Water Board) will consider Order No. R1-2012-0010, to extend Order No. R1-2011-0038: the Limited Term Amendment to Nonindustrial Timber Management Plan (NTMP) Provisions of Order No. R1-2009-0038, Categorical Waiver of Waste Discharge Requirements for Discharges Related to Timber Harvest Activities on Non-Federal Lands in the North Coast Region (Limited Term Amendment). The Limited Term Amendment temporarily suspended the NTMP provisions included in the 2009 Timber Waiver, and required implementation of NTMP provisions included in the 2004 Timber Waiver (Order No. R1-2004-0016) until February 1, 2012.

Regional Water Board staff has been working with CAL FIRE, timber landowners, and other interested parties to evaluate the adequacy of the existing FPRs and their effectiveness and implementation to protect water quality, particularly in areas designated as sediment and temperature impaired. This Order, extending the Limited Term Amendment through August 2012 will allow Regional Water Board staff additional time needed to adequately complete this work.

As proposed in Order No. R1-2012-0010, NTMP provisions from the 2004 Timber Waiver will be extended and apply until August 2012, after which time the NTMP conditions of the 2009 Timber Waiver (Order No. R1-2009-0038) will automatically become effective again, unless the Regional Water Board takes action to modify the conditions in the Waiver.
