

Notice of Proposed No Further Action

For

Texaco Service Station (former)
704 Perkins Street, East
Ukiah, CA
Case No. 1TMC425

Mendocino County

Notice Posting Date: August 5, 2014

Internet Posting Expiration: October 6, 2014

Problem Description

An unauthorized discharge of petroleum hydrocarbons was discovered at the above-referenced site during the removal of underground storage tanks. Subsurface investigation was conducted to define the extent of contamination in soil and groundwater. Residual dissolved phase petroleum contamination is limited to an area near the former underground storage tanks. No water supply wells are impacted by the contamination.

Proposed Action

A “no further action” determination related to the discharge of petroleum hydrocarbons is proposed. This site meets the closure criteria specified by the State Water Resources Control Board’s “Low-Threat Underground Storage Tank Case Closure Policy.”

Unless significant comments are received or new information is presented regarding this site, Regional Water Board staff plans to proceed with the “no further action” determination upon conclusion of the comment period. Please contact Robert B. Dickerson at (707) 576-2802 or Robert.Dickerson@waterboards.ca.gov for all issues concerning the above-referenced case. Written comments may also be submitted to:

North Coast Regional Water Quality Control Board
