Case No. 1TMC628

Mendocino County

Notice Posting Date: **May 11, 2015**

End of Comment Period: **July 10, 2015**

Problem Description

An unauthorized discharge of petroleum hydrocarbons was discovered at the above-referenced site during the removal of an underground storage tank. Subsurface investigation was conducted to define the extent of contamination in soil and groundwater. Findings from the investigation indicate that no further action is appropriate. No water supply wells are impacted or threatened by the contamination, and no exposure pathways were identified that could affect human health or the environment.

Proposed Action

A "no further action" determination related to the discharge of petroleum hydrocarbons is proposed.

Unless significant comments are received or new information is presented regarding this site, Regional Water Board staff plans to proceed with the "no further action" determination upon conclusion of the comment period. Please contact Cody Walker at (707) 576-2642 or Cody.Walker@waterboards.ca.gov for all issues concerning the above-referenced case. Written comments may also be submitted to:
