Subject: Letter – 2016 Bay-Delta Plan Amendment & SED
Date: Monday, January 02, 2017 11:14:50 AM

Jeanine Townsend, Clerk to the Board
State Water Resources Control Board
1001 I Street, 24th Floor
Sacramento, CA 95814-0100

Please give LESS, not more, water from the Sacramento River to Big Ag: they are greedy and already use too much of this water they have no rights to. This removal has already damaged our SF Estuary, and moved the salinity zone miles upstream. We need MORE fresh water from the Sacramento to flow into the Delta, which is a key nursery for the whole SF Bay. Please say NO TO THE TUNNELS.

Thank you,
Jean Severinghaus
