Subject: Comment Letter – 2016 Bay-Delta Plan Amendment & SED
Date: Wednesday, January 04, 2017 4:41:34 PM

I have read several reports this past year on the poor state of the SF Bay Delta. Apparently the ecosystem is on the verge of collapse due to all the water being taken out for human use. This is not okay. The Delta is a critically important part of the Pacific Coast Flyway and is home to many fish and other wildlife. I am a lifelong Californian who cares about our wildlife and birds and I am asking for a permanent reduction in the amount of water taken from the Delta. Please work with those agricultural interests taking water from the delta to reduce their consumption and not to take the water from wildlife habitat instead.

Sincerely

Michelle MacKenzie
