**Date:** Monday, January 16, 2017 10:22:12 AM

Dear Jeanine thompson,

I am adding my comment in the decision about Delta's water. Please don't allow Big Agriculture to influence your decisions about the flow of Delta's water. Do not let the delta be diverted east and southward. The San Francisco Bay is the natural destination and many birds, creatures depend on the health of this ecosystem, water being the focal point.

Thank you,  
Nina M Cestaro
