Ironically I received a petition by congressman Jim Patterson, asking me to write to this email in support of more water to corporate farmers. I highly support sending more water to helping sustain the environment, NOT more water to be given at minimal cost to an out of state tax paying corporate farms, and their 8,000 unsustainable jobs for illegal immigrants. I do want you to send 50% more water down the San Joaquin and Sacramento Rivers. Thanks,

Darin McQuoid
