

Jeanine Townsend
Clerk to the Board
State Water Resources Control Board

Dear Ms. Townsend:

Thank you for the opportunity to comment on the Proposed Approval of an Amendment to the Water Quality Control Plan for the San Francisco Bay Basin to Add Surface Water Bodies and Designate Beneficial Uses. The California Regional Water Quality Control Board for the San Francisco Bay Region adopted the Basin Plan Amendment on July 14, 2010, in Resolution 2010-0100. We support the Basin Plan changes which include adding over 200 water bodies and their designated (beneficial) uses to Table 2-1 of the Basin Plan. The additions and other changes add clarity and transparency to the Regional Board's Basin Plan, and assists in the protection of water quality within Regional Board 2.

We are pleased to support the package, and urge its adoption. If you have any questions, please e-mail or call me at the number below.

Sincerely yours,
Janet Y. Hashimoto
