Hi Dania,

The AMR should have had an appendix that includes site photos and a map of the site subwatershed. I've attached the map as well as the direct drainage map which shows which parcels are being contacted (remember we are only focusing on the western portion first).

Melissa,

I looked in the 1 March 2010 AMr and the 1 April 2010 Annual MPUR and I did not find any maps for the Lateral 2 1/2 near Keyes Rd. The only Map that I find is the one in the AMR for all site subwatersheds (see attachment). Could you please send me a pdf map just for Lateral 2 1/2 near Keyes Rd area? As the ones that you have in the Management Plan?

Thank you

Dania
